

# Lead-Deadwood Elementary PBIS Team's

## SUCCESSFUL SCHOOL START TIPS

The Lead Deadwood Elementary Positive Behavior Interventions and Supports program (PBIS) centers around our **DIGGER EXPECTATIONS** of **SAFE RESPECTFUL and RESPONSIBLE**. Our Digger Expectations help boost student achievement and overall school climate by focusing on students' positive choices and behaviors.

**Come To Open House - Aug 29th 1-4pm.** Come meet your teacher! Get your questions answered and get excited about the year!  
*ProTip: complete the scavenger hunt to be entered in a prize drawing!*

**Sleep = Success:** Children can be especially impacted by lack of sleep. Begin a school time routine a few weeks before school starts. Your child needs at least 9 hours of sleep for healthy development. If needed have them wake up at the new time for a few weeks before Aug 30th.

**Master Your Mornings:** Practice your school morning routine ahead of time. Help your child remember all the steps for getting to school on time. Practice getting to the bus stop or other morning plans.

**Talk About Going Back** Take time to talk with your child about their excitement or worries about heading back to school. Answer questions they have and remind them of the things they love about school! If they seem to be overly anxious let their teacher or Mrs. Bender, the school counselor, know!

Complete the family  
"I DIG School" BINGO Card to get  
ready for the year and  
Earn Digger Dollars!
